

Commitment to achieving Net Zero

Anrize is committed to achieving Net Zero emissions by 2034

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2021

Additional Details regarding baseline:

Anrize Ltd started operating in 2021. We therefore did not have a full set of data for that year, so we have identified the month for which our emissions were the highest level and multiplied this by 12 to produce our starting baseline point.

Baseline Year Emissions:

Emissions	TOTAL (tCO ₂ e)
Scope 1	0
Scope 2	5
Scope 3	5
Total	10

Current Emissions Reporting

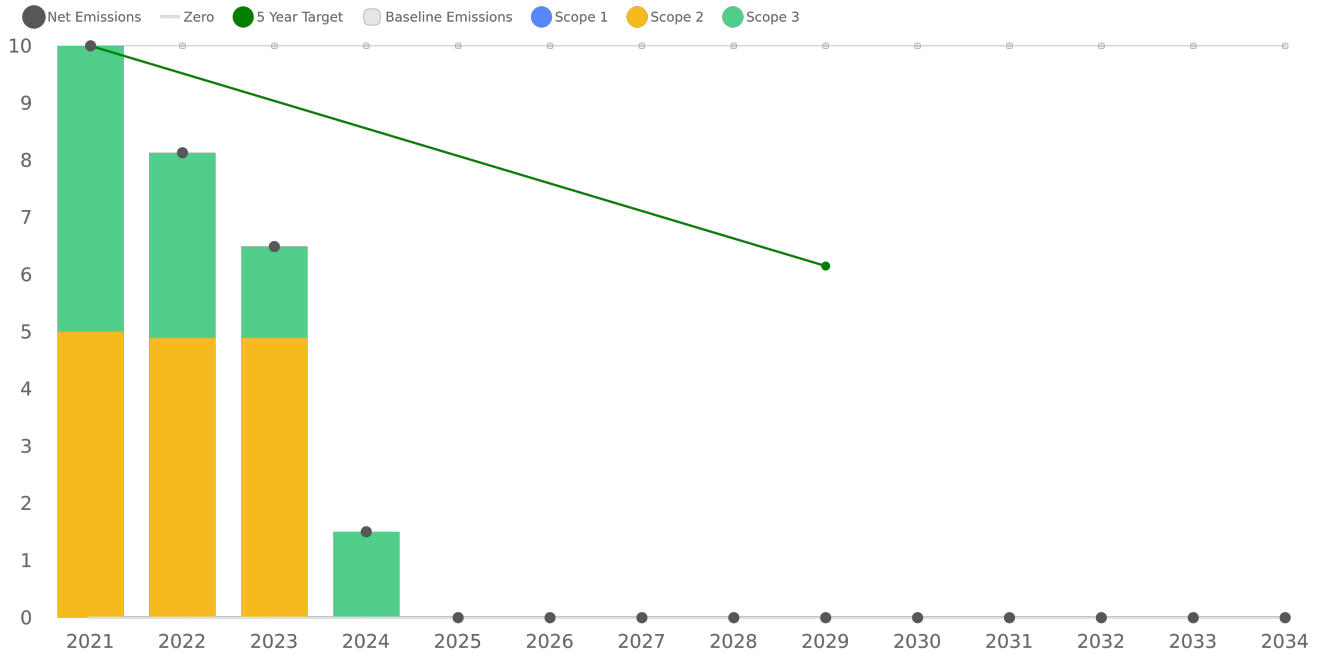

Year: **2024**

Emissions	TOTAL (tCO ₂ e)
Scope 1	0
Scope 2	0
Scope 3	1.502
Total	1.502

Emissions Reduction Targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets. We project that carbon emissions will decrease over the next five years to 6.15 tCO₂e by 2029. This is a reduction of 38.46%.

Progress against these targets can be seen in the graph below:

Carbon Reduction Projects

In the future we hope to implement further measures such as:

- Utilise Green Energy
- Plant trees

The potential carbon emission reduction achieved by these schemes would equate to 0.25 tCO₂e

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standards for Carbon Reduction Plans. Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate Government emission conversion factors for greenhouse gas company reporting . Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard . This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

Signed on behalf of Anrize:
